GENERAL PURPOSE PROBE COVERS

ECHO Cover ™ / Polyethylene

Flexible polyethylene covers, excellent price/quality ratio for sterile and invasive procedures.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E02203	20 x 30 cm	Cover	A flat	YES	100
1E02183	18 x 30 cm	Extreme 3D Cover, supplied with 2 elastic bands	A flat	YES	100
1E02188	18 x 80 cm	Extreme 3D Cover, supplied with 2 elastic bands	Telescopic	YES	50
1E02181	18 x 125 cm	Extreme 3D Cover, supplied with 2 elastic bands	Telescopic	YES	50

ULTRA Cover ™ / Latex

Resistant latex cover, ideal protection thanks to the addition of the polyethylene cable covers that fit all types of probes.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E01430	4 x 30 cm	Cover	Rolled up	NO	100
1E01630	6 x 30 cm	Cover	A flat	NO	100
1E01431	4 x 30 cm	Cover + 1 adhesive tape	Rolled up	YES	10
1E01432	4 x 30 cm	Cover + 2 adhesive tapes and polyethylene cable cover 10 x 200cm	Rolled up	YES	10
1E01531	5 x 30 cm	Cover + 1 adhesive tape	Rolled up	YES	10
1E02521	6 x 30 cm	Cover + 1 adhesive tape	A flat	YES	10
1E01632	6 x 30 cm	Cover + 2 adhesive tapes and polyethylene cable cover 15 x 150cm	A flat	YES	10
1E02577	8 x 30 cm	Cover + 1 adhesive tape	A flat	YES	10
1E01832	8 x 30 cm	Cover + 2 adhesive tapes and polyethylene cable cover 10 x 150cm	A flat	YES	10

PIP ULTRA Cover ™ / Poly-isoprene

Poly-isoprene synthetic latex covers offer an alternative for latex sensitive patients and professionals, yet they still retain the elasticity and suppleness of a latex cover.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E03630	6 x 30 cm	Cover	A flat	NO	100

1E03632	6 x 30 cm	Cover + 2 adhesive tapes and polyethylene cable cover 15 x 150cm	A flat	YES	10
1E03833	8 x 30 cm	Cover + 1 adhesive tape	A flat	YES	10
1E08609	8 x 30 cm	Cover + polyethylene cable cover 10 x 150cm	A flat	YES	10

GENERAL PURPOSE PROBE COVERS

POLY Cover ™ / Polyethylene

Polyethylene cover kit includes: 244cm POLY Cover, sterile Parker gel and elastic bands. These kits offer a simple and effective sterile solution in one kit.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E02100	10 x 244 cm	POLY Cover ™	Telescopic	YES	20
1E02120	12 x 244 cm	POLY Cover ™	Telescopic	YES	20
1E02140	14 x 244 cm	POLY Cover ™	Telescopic	YES	20

Supplied with sterile Parker gel and elastic bands.

CIV-Flex ™ / Polyurethane

Polyurethane covers are soft, durable and offer the same elasticity and suppleness of a latex cover, providing patient comfort. Included with the cover is sterile Parker gel and elastic bands, which offers an excellent solution for professionals, as all the required accessories are supplied in one kit.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
610-002	14 x 61 cm	Civ-Flex ™	A flat	YES	24
610-542	14 x 91 cm	Civ-Flex ™	Telescopic	YES	24
610-575	14 x 147 cm	Civ-Flex ™	Telescopic	YES	24
610-1120	14 x 244 cm	Civ-Flex ™	Telescopic	YES	24

Supplied with sterile Parker gel and elastic bands.

Pull Up ™ / Polyurethane

Polyurethane cover kits have an innovative Pull Up design that allows for the cover to be easily opened and applied to the probe.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E08961	9 x 61 cm	Pull Up ™ / polyurethane	Telescopic	YES	24
1E08605	14 x 61 cm	Pull Up ™ / polyurethane	Telescopic	YES	24
1E08149	14 x 91,5 cm	Pull Up ™ / polyurethane	Telescopic	YES	24
1E08348	14 x 122 cm	Pull Up ™ / polyurethane	Telescopic	YES	24

Supplied with sterile Parker gel and elastic bands.

Safersonic / Polyethylene

Polyethylene cover kits contour well to the probe thanks to the presence of an exclusive adhesive gel. After use, there is little residual gel left on the probe, which facilitates in the cleaning and disinfection process.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E05028	18 x 28 cm	Polyethylene cover with adhesive gel	A flat	YES	100
1E05120	18 x 120 cm	Polyethylene cover with adhesive gel	Telescopic	YES	50
1E05250	18 x 250 cm	Polyethylene cover with adhesive gel	Telescopic	YES	50

ENDOCAVITY PROBE COVERS – NON-STERILE

ECHO Cover ™ / Latex

The latex echo covers for endocavity ultrasound probes offer value for money and high quality latex for effective ultrasounds.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E01350	3,5 x 20 cm	Non-lubricated protective cover	Rolled up	NO	144
1E00964	3,5 x 20 cm	Non-lubricated protective cover	Rolled up	NO	144
1E01351	3,5 x 20 cm	Lubricated protective cover	Rolled up	NO	144
1E04408	3,5 x 20 cm	Lubricated protective cover	Rolled up	NO	144

ULTRA Cover ™ / Latex

Resistant latex cover, ideal protection thanks to the addition of the polyethylene cable covers that fit all types of probes.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E01460	2,6 x 20 cm	Ultra Cover	Rolled up	NO	100
1E01461	2,6 x 30 cm	Ultra Cover	Rolled up	NO	100
1E08603	3,5 x 20 cm	Endocavity probe cover	Rolled up	NO	100
1E01943	2 x 20 cm	Endocavity probe cover	Rolled up	NO	100

PIP ULTRA Cover ™ / Poly isoprene

Poly-isoprene synthetic latex covers offer an alternative for latex sensitive patients and professionals, yet they still retain the elasticity and suppleness of a latex cover.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E03263	2,6 x 30 cm	PIP ULTRA Cover	Rolled up	NO	100
1E03183	4,4 tapared to 1,8 x 31 cm	PIP ULTRA Cover	Rolled up	NO	100

CIV-Flex ™ / Polyurethane

Polyurethane covers are soft, durable and offer the same elasticity and suppleness of a latex cover, providing patient comfort. Included with the cover is sterile Parker gel and elastic bands, which offers an excellent solution for professionals, as all the required accessories are supplied in one kit.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
610-007	11,9 tapared to 4,5 x 61 cm	Cover	A Flat	NO	24

ENDOCAVITY PROBE COVERS - STERILE

Pro Cover ™ / Latex

Resistant latex cover, rolled and singularly packed, these covers are ideal for sterile and invasive procedures.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
610-212	2 x 30 cm	Cover + 2 elastic bands	Rolled up	YES	24
610-214	3,5 x 20 cm	Cover + 2 elastic bands	Rolled up	YES	50
610-1199	3,5 x 20 cm	Cover + 2 elastic bands + sterile gel	Rolled up	YES	24

ULTRA Cover ™ / Latex

Resistant latex cover, ideal protection thanks to the addition of the polyethylene cable covers that fit all types of probes.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E01578	3 x 30 cm	Cover + 1 adhesive tape	Rolled up	YES	10
1E01360	3,6 x 30 cm	Cover + 1 adhesive tape	Rolled up	YES	10
1E01361	3,6 x 30 cm	Cover + 1 adhesive tape + polyethylene cable cover 8 x 20cm	Rolled up	YES	10
1E01245	5 tapared to 2 x 45 cm	Cover + 1 adhesive tape	Half rolled up	YES	10
1E01180	4,4 tapared to 1,8 x 31 cm	Cover + 1 adhesive tape	Half rolled up	YES	10
1E01181	4.4 tapared to 1,8 x 31 cm	Cover + 1 adhesive tape + polyethylene cable cover 8 x 23cm	Half rolled up	YES	10

PIP ULTRA Cover ™ / Poly-isoprene

Poly-isoprene synthetic latex covers offer an alternative for latex sensitive patients and professionals, yet they still retain the elasticity and suppleness of a latex cover.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E03330	3 x 30 cm	Cover	Rolled up	YES	24
1E03363	3,6 x 30 cm	Cover	Rolled up	YES	50
1E03361	3,6 x 30 cm	Cover and polyethylene cable cover 8 x 200cm	Rolled up	YES	24

CIV-Flex ™ / Polyurethane

Polyurethane covers are soft, durable and offer the same elasticity and suppleness of a latex cover, providing patient comfort. Included with the cover is sterile Parker gel and elastic bands, which offers an excellent solution for professionals, as all the required accessories are supplied in one kit.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
610-006	11,9 tapared to 3,8 x 61 cm	Cover supplied with sterile Parker gel and elastic bands	A Flat	YES	24
610-999	11,9 tapered to 3,8 x 91,5 cm	Cover supplied with sterile Parker gel and elastic bands	A Flat	YES	24

INTRAOPERATIVE PROBE COVERS - STERILE

SURGI Cover ™ / Polyethylene

Ideal protection for the intraoperative ultrasound probes, in T or Boat form. These kits are supplied with a latex-free Neoguard tip (non-latex polymer) which applies easily in sterile environments and minimizes the risk for latex sensitive patients and professionals.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
610-833	15,2 x 244 cm	Cover with Neoguard tip (non-latex polymer) Surgi-Tip, T-Form	Telescopic	YES	12
610-834	20,3 x 244 cm	Cover with Neoguard tip (non-latex polymer) Surgi-Tip, T-Form	Telescopic	YES	12
610-797	15,2 x 244 cm	Cover with Neoguard tip (non-latex polymer) Surgi-Tip, Boat Form	Telescopic	YES	12

Each kit is supplied with sterile gel and elastic bands.

SURGI™ POLY Cover / Polyethylene

Polyethylene cover with latex tip, ideal protection for the intraoperative ultrasound probes, available in T or Boat form.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E02124	12 x 244cm	Cover with latex-free tip, small T-shaped model	Telescopic	YES	20
1E02220	22 x 244 cm	Cover with straight tip	Telescopic	YES	20
1E02130	13 x 244cm	Cover with latex-free tip, large T-shaped model	Telescopic	YES	20

Each kit is supplied with sterile gel and elastic bands.

Laparoscopy / Polyethylene

Latex-free, specifically designed for laparoscopic transducers.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
610-941	15,2 x 244 cm	Cover with Neoguard tip (non-latex polymer), requires 12mm trocar	Telescopic	YES	12
1E02554	5,5 x 400 cm	Cover with polyethylene tip and polyethylene cable cover 10 x 400cm, requires 12mm trocar	Flat + telescopic	YES	5

All-In-One: CIV-Flex ™ / Polyurethane

The ideal kit for intraoperative procedures.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E04146	16 x 61cm	Intraoperative Kit	A Flat	YES	38

The kit comprises of a polyurethane cover, sterile Parker gel and elastic bands.

TEE PROBE COVERS

ETO LATEX Protection / Latex

Only latex TEE covers / kit (cover + gel + bite guard + locking clip) that are compatible with all types of ETO probes. These provide extra protection and additional security for patients against nosocomical infections.

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1E02586	2,5 tapered to 1,1 x 100 cm	Cover	A flat	YES	10
1G02276	2,5 tapared to 1,1 x 100 cm	Kit with latex cover, sterile Parker gel, bite guard and locking clip	A flat	YES	12
1E01116	2,5 tapared to 1,1 x 100 cm	Pediatric kit with latex cover, sterile Parker gel, bite guard and locking clip	A flat	YES	12

The kit comprises of a latex cover, a syringe with 10cl sterile Parker gel, a bite guard and a locking clip.

ETO Latex-Free Protection / Polyurethane

Only latex-free TEE covers / kit (cover + gel + bite guard + locking clip) that are compatible with all types of ETO probes. These provide extra protection and offer an alternative for latex sensitive patients and professionals. Also available in a pre-assembled kit (REF. 87111).

REF.	DIMENSION	DESCRIPTION	FOLD	STERILE	QTY/BX
1G02277	2,5 tapared to 1,1 x 100 cm	Kit with polyurethane cover, sterile Parker gel, bite guard and locking clip	A flat	YES	12
1E04161	3 tapared to 1,1 x 100 cm	Kit with polyurethane cover, sterile Parker gel, bite guard and locking clip	Telescopic	YES	12
1E09790	2,5 tapared to 1,1 x 100 cm	Cover	Telescopic	YES	10

The kit comprises of a latex-free polyurethane cover, a syringe with 10cl sterile Parker gel, a bite guard and a locking clip.

ETO Sensor Tip Covers / Plastic/Foam

Protects probes against damage during storage and transportation.

REF.	DESCRIPTION	MATERIAL	STERILE	QTY/BX
610-945	Plastic cover for ETO probe	Plastic	NO	24
667-094	Plastic cover for Philips X7-2T probe	Plastic	NO	24
610-748	Foam cover for laparoscopic probes and paediatric ETO probes	Foam	NO	24

GEL

Parker Aquasonic 100: Aquasonic 100 is a high-viscosity gel that is acoustically correct for the broad range of frequencies used in ultrasounds. It's unique 'can't be copied' formula is hypoallergenic, bateriostatic and non-irritating and contains no formaldehyde.

REF.	CONTENT	DESCRIPTION	PACKAGE	QTY/BX
1I01672	20 ML	Parker Aquasonic 100 Gel (Sterile)	Pouch	48
1I00916	5 L	Parker Aquasonic 100 Gel	Econopack	1
1I00915	250 ML	Parker Aquasonic 100 Gel	Bottle	12
1I04528	60 GR	Parker Aquasonic 100 Gel	Tube	12

Parker Aquasonic Clear: Aquasonic Clear offers the same unique formula and performance as Aquasonic 100, without the perfume or colour.

REF.	CONTENT	DESCRIPTION	PACKAGE	QTY/BX
1I04530	5 L	Parker Aquasonic Clear Gel	Econopack	1
1I04531	250 ML	Parker Aquasonic Clear Gel	Bottle	12

Sonecho: Clear blue transmission gel.

REF.	CONTENT	DESCRIPTION	PACKAGE	QTY/BX
PC250/24B	250 ML	Sonecho	flacon	24
CG5000B	5 L	Sonecho	Econopack	4

Premium EDM: Ultrasound transmission gel without perfume or colour.

REF.	CONTENT	DESCRIPTION	PACKAGE	QTY/BX
PC250/48	250 ML	EDM premium	flacon	48
PC250/24P	250 ML	EDM premium	flacon	24
CG5000	5 L	EDM premium	econopack	1

Polaris II: Ultrasound transmission gel without perfume or colour.

REF.	CONTENT	DESCRIPTION	PACKAGE	QTY/BX
1I00142	250 ML	Polaris II Gel	Bottle	24
1I00143	5 L	Polaris II Gel	5 litre bottle + 250ml empty bottle	1

Septiwipes: The septiwipes are ready to use alcohol free disinfectant wipes. These are made for the rapid disinfection and cleaning of medical devices as well as all kind of surfaces.

REF.	CONTENT	DESCRIPTION	PACKAGE	QTY/BX
1I03030	100 wipes	Septiwipes alcohol free	canister	12
